April 26, 2006

The Honorable Tony Masilotti  
Palm Beach County Board of Commissioners, Chair  
301 North Olive Avenue  
West Palm Beach, FL 33401

Dear Commissioner Masilotti,

**Subject: Callery-Judge Grove**

As you know, South Florida Water Management District (District) is engaged in preliminary planning efforts intended to enhance flows and water quality to the Loxahatchee River, including deliveries to and through Grassy Waters preserve. The District has been engaged in discussions with Seminole Improvement District and Callery-Judge Grove to understand the efficacy of a proposed polishing treatment marsh located on Callery-Judge Grove, and owned by Seminole Improvement District, to accomplish the District's water quality and water delivery objectives.

We support the concept and the ability to convey water to achieve the goals of the North Palm Plan. We are pleased to be able to work with cooperative local governments and landowners early in the planning process to achieve common objectives.

We look forward to continuing this relationship.

Sincerely,

Kevin McCarty  
Chairman  
South Florida Water Management District

KM/cw
